## COUNCIL MAY PONDER SOME FREE PARKING

Gettysburg borough council will not provide free parking in the metered areas during the forthcoming Gettysburg Sales Day next month.

But the town will probably change its present ordinance to permit "free parking" during the Christmas holiday, and sales days in the future, according to discussion at Monday evening's meeting of council.

A letter was read from Mares Sherman, president of the Retail Merchants Association, asking that the borough permit free parking for the two sales days in August.

Council President Glenn Guise said that the merchants "have been asking this for 15 years and we have done nothing about it. Should we do something this time?"

### FAVOR CHANGE

Councilman John Thursh said, "The merchants want it, and the people want it, so I think we should want it." Some councilmen opposed the request, declaring that the potential customer has a better opportunity of finding a parking space when the meters are operating and "everybody doesn't stay all day in the same spot." Thursh asked a show of hands to "indicate whether there are enough favoring a change to make it worthwhile to work on an ordinance." Five raised their hands, thus indicating a majority in favor.

The ordinance committee was also asked to study the possibility of renaming part of Hay St. It extends from Buford Ave. south to W. Middle St., then west a half block before continuing south. As a result visitors have a "difficult time finding some numbers on Hay St."

A letter from Dr. D. L. Beegle, Emmitsburg, reported a "dangerous condition" on the sidewalks of Baltimore St., at its property near the middle of the 200 block. He said his sidewalk is at the new level of the street. The adjoining sidewalk is at the former level. An amesite "ramp" connects the two. The amesite is now chipping and causing a hazard. Council authorized borough engineer Winebrenner to replace

## BOYS REPORT TO LEGION ON STATE CAMP

Two Gettysburg High School boys who last month attended the Keystone State Camp at Pennsylvania State University under sponsorship of the Albert J. Lentz post of the American Legion reported on their experiences Monday evening at the meeting of the post in the American Legion Club building, Baltimore St.

Kenneth E. Kime, Gettysburg R. 1, and Daniel F. Heagey, Gettysburg R. 5, represented the local post at the session held in June by the state American Legion. The camp, they explained, is designated to teach youths the workings of government. To "learn by doing" the youths set up a model government electing officials and learning about the duties of the various officials by carrying out those duties in relation to the encampment.

Dale Bowling, Robert W. Fox and Harold Dayhoff were announced as the members who will represent the local post at the state convention of the American Legion to be held at Pittsburgh July 17 to 20.

### 3 NEW MEMBERS

Three new members were accepted: Clair J. Bowling, Fairfield R. 1; Harry R. Small, Gettysburg R. 4, and Patrick D. McDermitt, 60 W. Middle St.

Formal arrangements were made to send notice to all members of a plan to change the by-laws, raising the annual dues from \$5 to \$6. The change will be voted upon by the members at the August 5 meeting of the post.

The post agreed to back a bill currently before Congress, H. R. 1927, concerning pensions to war veterans and their surviving widows. The bill asks general increases in the amount of pension payable, asks that medical examinations be discontinued to establish a 10 per cent disability for pension purposes where the veteran is 65 or older and unemployed. The bill would also increase the amounts a veteran may earn while securing a pension.

## Chilliest July 9 Here In 45 Years

A week after sweltering 95-degree heat, the weather man set a 45-year record here with a chilly 51 degrees this morning at The Gettysburg Times weather station. It was the coldest July 9 in Gettysburg since that date in 1918 when the low was 48 degrees.

This morning was the second coldest July 9 since local weather records began 60 years ago.

The temperatures tumbled 30 degrees overnight from a high Monday of 81 degrees. Temperatures came up slowly this morning and by 9 o'clock the official reading was only 60 degrees.

A week ago, centennial parade day, the high was 93 degrees and Monday of last week saw a high of 95 degrees.

## 1,000 LEADERS OF PTA MEET HERE JULY 14

Upwards of 1,000 PTA leaders from Pennsylvania will attend the summer leadership session of Pennsylvania Congress of Parents and Teachers at Gettysburg College July 14 to 17. Registration will begin Sunday afternoon at 1 o'clock in the Student Union Building. Campus tours will be conducted from 2 to 4 o'clock.

A vesper service at 4 o'clock will be held in Christ Chapel. Rev. John W. Vannorsdall, college chaplain, will speak. Mr. and Mrs. Donald Bollinger will sing a duet, and Robert E. Baker will be at the organ. State PTA leaders who will take part include Oscar L. Lingle, Congress president, and Gilmore B. Seavers, vice president and the Congress' director of leadership education.

### OPEN 8 P.M. SUNDAY

The opening assembly will be held Sunday evening at 8 o'clock in the Student Union auditorium with President Lingle presiding and keynoting the session. Dr. Charles H. Glatfelter, dean of the college, will speak. Frank L. Hair, state chairman of character and spiritual education, will conduct the devotions, and group singing will be led by Walter Brobst, state chairman, disaster preparedness-civil defense. A get-acquainted hour will follow the assembly with Mrs. George Robinson and Mrs. E. T. Mortson, state chairman of recreation in charge.

Morning sessions Monday, Tuesday and Wednesday will be devoted to case study classes of 20 to 30 local PTA unit and council leaders who will discuss solutions to day-to-day problems encountered by PTAs throughout the state. Afternoon sessions Monday and Tuesday will find leaders attending classes in PTA fundamentals with members of the Congress board of managers serving as instructors. The role of PTA councils in serving local units and initiating area-wide projects in the interest of children and youth will be offered for council leaders.

Mrs. E. S. Smith, a vice president, will be in charge of the annual banquet at which students attending state colleges on PTA scholarships will speak. Donald A. Hausman will be accompanist for group singing at daily assemblies.

### GET CAREER AWARD

William B. Bushman, R. 1, and Samuel R. Welsh, Carlisle St., employees at the Letterkenny Army Depot, near Chambersburg, recently were presented 20-year government career service awards by Col. R. B. Graeves, commanding officer of the depot.

### GRANTED DIVORCE

Kathleen H. Palmer, Hanover, has been granted a divorce by the York County court from Francis D. Palmer, McSherrytown.

## Kennedy Suggests Justice Goldberg Be Empowered To Settle Rail-Union Fuss

WASHINGTON (AP)—President Kennedy proposed today that Supreme Court Justice Arthur J. Goldberg be empowered to decide all issues in the dispute between the railroads and the operating unions over work rules.

J. E. Wolfe, chief negotiator for the railroads, told newsmen of Kennedy's proposal at the conclusion of a White House parley of both sides in the dispute.

He said that if both sides accept the work rules will not be put into effect until Goldeber has made his binding report.

Wolfe said the report would be made before the Supreme Court convenes for its 1963-64 term in October.

Wolfe said he thinks the date would be prior to Sept. 30.

He said both sides to the dispute have until 10 a.m. Wednesday to "carefully consider the proposal."

## SNOWBERGER RESIGNS AS HS PRINCIPAL

The resignation of Clifford B. Snowberger, E. Lincoln Ave., as principal of the Gettysburg Junior High School, effective July 31, was accepted with regret by the Gettysburg Joint School committee at its July meeting Monday evening at the high school.

Mr. Snowberger, who was high school principal here for three years and junior high school principal for the last year since the new senior high building was

C. B. SNOWBERGER

opened, has accepted a position as principal of the Kittanning Area Senior High School at the Armstrong County seat, according to his letter of resignation. He was elected to that position last week.

In expressing his appreciation to local school administrators and the school board here for their cooperation in the last four years, Mr. Snowberger said his new post at Kittanning will be as chief administrator of a senior high school with about 900 pupils, a larger system than the Gettysburg schools.

### 4 TEACHERS ELECTED

He came here from New Brighton, Pa., in 1959. Mrs. Snowberger has been an elementary teacher in the Fairfield schools.

Nothing was said Monday evening about a successor to Mr. Snowberger but the usual procedure would be for the teacher and curriculum committee to screen applicants and make a report to the board.

There were three other resignations at Monday's meeting and four teachers were elected to the staff for the fall.

Daniel R. Brady and Mrs. Anita L. Horch resigned as junior high school teachers and Mrs. M. Elaine Swanson, who had been given a contract several months ago for next fall, resigned from that commitment.

### ELECT MRS. MACLAY

All four positions filled Monday evening were for the high school. Mrs. J. Bruce MacLay, Twin Oaks, a graduate of the Shippensburg State College, who has done graduate work at Duke and has taught at Harrisburg, Chambers-

## Need Firemen To Clean Rec Field

Gettysburg firemen are asked to be at the Recreation Field this evening at 6:30 o'clock to assist in "cleaning up" the area following the festival, Chairman Raymond Menges has announced.

He reported that much of the work of dismantling stands and removing them to storage has "already been done and if we can get a good crowd out tonight we can finish up in record time."

Wednesday evening the firemen will meet at the Recreation Field at 8 o'clock.

## Two Burglaries At Littlestown

Burglars Sunday night or early Monday morning took cash, tools, supplies and equipment valued at \$1,174 from the Rickell service station, 549 S. Queen St., Littlestown, state police revealed today.

Officer Charles Todd said the burglars apparently entered by a rear window and "cleaned out the place." The intruders took approximately \$26 in quarters, dimes, nickels and half dollars; tool boxes, tools, cigars, oil filters, auto equipment, batteries and other articles in the station.

Officer Todd also reported today another burglary in the Littlestown area occurring between July 4 and Sunday. The burglary was at a cottage owned by Aileen B. Anderson, 382 E. King St., Littlestown, located south of Littlestown off Route 140. Only food was taken, state police said.

## 16 EMPLOYEES GIVEN STOCK IN GULDEN WILL

Sixteen employees of the H. C. Gulden Manufacturing Co., Aspers, receive 981 shares of Class A and 6,455 shares of common stock of the corporation from the estate of Harry C. Gulden, late of Menallen Twp., according to the account of the executor, the Adams County National Bank, approved by the Adams County court Monday.

The account lists distribution of bequests totaling \$113,656.96.

In Mr. Gulden's will he had provided for the distribution of his stock among those who had been employed by the company for more than a year on a basis of a proportion determined by the shares held by the employees. The number of Class A shares distributed ranged from 18 to 89 per employee and the number of common shares from 117 to 587.

### CHURCH BENEFITS

Four of the employees received the top amount of shares, each receiving 89 shares of Class A stock and 587 of common stock. They were Ralph E. Koontz, Albert F. Hoffman and Charles H. Gulden, all of Aspers, and Warren B. Weaver, Dillsburg R. 2. Value of the shares was listed in the account as \$12 per share.

The account lists \$8,000 put in trust with the Adams County National, known as the H. C. and Grace L. Gulden trust fund of which three-eighths of the net income will go to Christ Lutheran Church, Aspers; one-fourth to Bendersville Cemetery Association; one-fourth to Mountain City Cemetery, Bendersville, and one-eighth to Aspers Fire Co.

The Warner Hospital receives \$2,000 from the estate, the Elks National Foundation \$1,000. The household furnishings and goods go to the former housekeeper, Rosalia Ameil Sauder, Weems, Va. Two sons, W. Earl and Howard Gulden, and the housekeeper each receive \$4,389.97.

### SHEELY ACCOUNT FILED

Also approved was the second and final account of Attorney Eugene V. Bulleit, executor of the will of Daniel M. Sheely, late of Franklin Twp.

The Sheely account disposes of \$30,787.17 from the estate including \$4,050.94 to the trustees of Mt. Cavalry EUB Church in trust for maintaining Sheely's home farm adjoining the Sheely home church as a place of worship; \$405.00 to a sister, Hettie Linn; \$4,050.94 to each of these cousins, Blanche V. Sheely, Ethel M. Chronister and Edith Patterson; \$2,025.48 each to two other cousins, Otis B. Morse, state Democratic chairman and Jean Koch, York, and an em-

## JUNIOR BRIEFS KIWANIS CLUB

Willis Conover Jr., Gettysburg, a junior at Penn State, majoring in advertising and journalism, briefed Kiwanians on the activities of campus Key Clubs at the group's regular Monday evening meeting at the Lamp Post Tea Room.

Editor of the Circle Krier, a Kiwanis Key Club publication at Penn State, Conover indicated that Key Clubs on some 20 Pennsylvania campuses sponsored community projects such as tours for high school students, football outings for orphans, etc.

Reports were made by Dr. George Wolfe on the international convention at Atlantic City, N. J., and William Ditzler on the centennial parade project.

Guests included Rev. Fr. Arlo L. Leinback, Gary, Ind.; Rev. Ira Melhorn, Johnstown, Pa., and James Trittell, Chambersburg, President Charles W. Pentz, presided. A special meeting of the board of directors followed the program.

## RESUME WORK TO RESURFACE STREET AREAS

Gettysburg's highway crews will resume work on S. Washington St. early next week, preparing it for amesite, borough engineer LeRoy Winebrenner reported at Monday evening's meeting of council in the engine house, E. Middle St.

Winebrenner said the base for the amesite has been completed from W. Middle St. to Breckenridge St. Work was stopped there to permit use of S. Washington St. during the Centennial period. Next week the workmen will resume at Breckenridge St. and continue the work to the Warner Hospital entrance. Then amesite will be placed to complete the work on the street.

Amesiting of borough streets began two summers ago with work done on one block of Franklin St. Last summer Liberty St. was completed. This year's amesiting of S. Washington St. will be the longest single stretch of amesite put in by the town.

### COST IS CITED

Winebrenner reported the amesite will be provided by All-State at a cost of \$6.50 a ton. Gettysburg Asphalt, he said, asked \$6.75 a ton.

The borough engineer reported that the curve on Baltimore St. near the Jennie Wade Museum has been widened and rounded and that work is progressing well on repairs to the bridge over Stevens Run at Water St.

Councilman Richard Smith reported that Stevens Run (Tiber) has been given a concrete bottom from N. Washington St. to Water St. and that work will begin next in the area of the "Tiber" around the Buford Ave.-Silk mill area.

### COLLEGE PLANS

Stanley Hoffman, business manager for Gettysburg College, told of plans of the college to buy the Metropolitan Edison poles and lines in the college area.

Plans of the college, Hoffman said, are to set up a "loop" of the lines in order to obtain one meter instead of 33. As a result it will be able to secure electric power much more cheaply. In the "loop" will be 13 borough street lights. Hoffman said that the college would maintain and provide current for the street lights and that it would guarantee that the amount of street lights and their lumens would never be less than now and probably would be increased. He also approved an agreement with the town similar to the one it has with Metropolitan Edison permitting the town to direct placing of street lights as it desires.

The "loop" would not serve any

## MRS. S. COBLE QUILTS POST IN BIGLER SCHOOL

Mrs. Donald Horst, Biglerville, has accepted a part-time position as girls' guidance counselor at Biglerville High School, Superintendent Donald B. Hudson announced today.

The Upper Adams school board Monday evening accepted the resignation of Mrs. Sandra K. Coble, Second Grade teacher in the Biglerville elementary school, and approved June bills for payment in the amount of \$100,719.85, of which \$83,710.90 was for instruction during the final month of the school term.

Donald B. Hudson, superintendent, told the 10 board members present that he hopes to interview several elementary teachers within the next week to fill the vacancy created by Mrs. Coble's resignation. He also reported that the outlook for a full-time girls' guidance teacher is discouraging because the salary scale for this category is higher than the budget permits. He said, however, that he hopes to be able to locate a part-time guidance counselor.

### ORDER SERVICE

The board authorized the secretary, David Houck, to enter into contract with the Minneapolis Honeywell Co. on the recommendation of the property committee to provide maintenance service for the heating units in the old section of the school for \$128 for the year. The recommendation was made by Paul Pitzer, chairman, of the property committee. Houck also was authorized to extend the blacktop patching project at the elementary schools to include all damaged areas at an approximate cost of \$200 to \$300. Pitzer also reported that eight bus contracts have been forwarded to Harrisburg for approval.

Hudson submitted his annual re-

## Continue Hearing In Assault Case

A hearing before Justice of the Peace John Whitman in which Earl Richardson, Arendtsville, was charged by his father-in-law, Lester M. Miller Sr., with assault and battery was continued until July 15 at 7:30 o'clock for the appearance of additional witnesses to the alleged fight between the two men Saturday evening. Testimony was taken Monday evening from the plaintiff, the defendant and the defendant's daughter and her boy friend. Three additional witnesses will be called for Monday's hearing.

## BIGLERVILLE WILL HOST 37 AFS STUDENTS

A busload of 37 American Field Service students who have spent the past year as exchange students in American high schools will arrive in Biglerville late Thursday afternoon and will tour the Upper Adams fruit industry and the Gettysburg Battlefield Friday.

They will visit the orchards of Richard Trostle Friday morning and the Musselman processing plant at Biglerville, where they will have lunch in the plant cafeteria. Arthur Gordon, of the Biglerville High School faculty, will conduct a guided tour of the Battlefield in the afternoon.

The Student Council will entertain the guests at a dance Friday evening in the high school attended by the host families, student council members and exchange students. Richard Thompson will direct the dance orchestra. The group will leave Biglerville Saturday morning for Parkville, Md., enroute to Washington, D.C.

### HOST FAMILIES

The Upper Adams families who will host the students are: Mr. and Mrs. Jesse Tuckey, Mr. and Mrs. Charles McDannell, Mr. and Mrs. Allen Stauffer, Mr. and Mrs. Dean Asquith, Mr. and Mrs. Dale Clark, Mr. and Mrs. Richard Cogley, Mr. and Mrs. Kenneth Alwine, Mr. and Mrs. John Brown, Mr. and Mrs. Richard Thompson, Mrs. J. W. Beidler, Mr. and Mrs. John Hauser, Mr. and Mrs. Donald Horst, Mr. and Mrs. Emerson Nyce, Mr. and Mrs. Fred Baltzley, Mr. and Mrs. Clyde Lawver, Mr. and Mrs. Edward Singley, Mr. and Mrs. John Lawver, Rev. and Mrs. John Rudy, Mr. and Mrs. Dale Crum, Mr. and Mrs. Eugene Haas, Mr. and Mrs. David Houck, Mr. and Mrs. Marvin Fox and Mr. and Mrs. Luther Horrick, Mr. and Mrs. Herbert Lady will host the two chaperons.

## Jailed 99 Days For Killing Deer

Abe S. Holtry, 36, of Gettysburg, received a 99-day sentence in the Cumberland County jail before Justice of the Peace Helen A. Pringle, Shippensburg R. 1, on a charge of killing a deer out of season.

Holtry, Mrs. Pringle said, paid the prosecution costs and \$1 toward a \$100 fine. The 99-day jail sentence was imposed in lieu of payment of the remaining \$99 of the fine.

The charge had been filed by State Game Protector Dorsey Smith.

### FILE APPLICATION

An application for a marriage license has been filed in the York County courthouse by Ronald Nelson Brown, Littlestown R. 1, and Ethel Maxine Ness, York.

## Police Balk Demonstration Against Greek Royal Pair

By EDDY GILMORE  
LONDON (AP) — Greek King Paul and Queen Frederika arrived today for a state visit plagued by Communists, anarchists, pacifists and other agitators.

Police beat back an attempted demonstration outside Buckingham Palace.

Met at Victoria Station by Queen Elizabeth II, the royal party drove in state carriages to the palace. Britain's tightest peace-time security guard kept the queen and her visitors from even seeing the demonstrators who tried to mar the welcoming procession.

Police beat back youthful pickets as the Greek king and queen entered Buckingham Palace to begin the four-day state visit.

### WANT TO PICKET

"We aren't provoking violence," protested Kenneth Brown, 18, a student. "We just want to picket the palace."

The most determined effort to spoil the royal arrival was at the side of the palace.

## Bypass Signs Confusing To Most Motorists; Old R. 15 Is Changed To R. 34

## DRIVER FINED \$200 BY COURT THIS MORNING

Francis L. Howe, York Springs R. 2, was given a suspended sentence on a charge of operating a motor vehicle while under suspension by the Adams County court Monday afternoon. The suspension of sentence is based upon payment of \$200 for the use of the county and the costs. He paid \$125 Monday and was given 30 days in which to pay the rest.

The court directed forfeiture and destruction of two multiple coin machines seized October 1, 1962, during a raid on the Dorsey-Stanton American Legion Post, W. High St. The machines were reportedly owned by Kenneth K. Lefever, Hanover.

The desertion and nonsupport charge brought against John V. Laughman, Hanover R. 5, by Pearl E. Laughman, his wife, was continued generally when a hearing disclosed that Mrs. Laughman was asking only for support of four children and Laughman revealed that he will be inducted into the armed forces Wednesday through the York draft board.

### WOMAN ARRESTED

Mrs. Laughman was arrested by Sheriff Dawson Miller immediately after she left the law library in the courthouse following the hearing. The sheriff refused to allow a man described by Mrs. Laughman's mother as "her boy friend" from entering the arbitration room where the sheriff had placed Mrs. Laughman. The arrest was on a disorderly conduct charge brought against Mrs. Laughman by Martha J. Wonder, Hanover R. 1, before Justice of the Peace Claude Straley. Court attendants said Mrs. Laughman reportedly struck the man described as "her boy friend" over the head with her handbag in the courtroom while the court hearing was being held in the law library but attendants said they arrived too late to "see anything."

### TWO CHARGES DROPPED

A summary conviction which Nancy L. Kitchen, Gettysburg, had appealed to the court was dropped on condition she pay the costs.

A charge of passing at an intersection against Richard H. Mummert, Hanover R. 1, was dropped and the costs placed on the county. While he admitted he had passed at an intersection, the road he was on at York Springs is a four-lane highway and under the law a car may pass at an intersection on such a roadway.

Paroles were granted to the following, most starting July 13: John William Hampton Jr., Waynesboro R. 4, drag racing; Elmer Eckenrode, Woodsboro, Md., indecent assault; Cecil Joseph Weaver, indecent assault;

### NEW HOUSING UNITS

Congressman Carlton R. Sickles (D-Md.) announced today that the Army Corps of Engineers, Baltimore District, has approved a \$2,821,215 contract for the construction of 179 family housing units at Fort Ritchie, Md. He said that the contract has been awarded to the Security Construction Company of Richmond, Va. "The contract includes 18 two-bedroom units, 144 three-bedroom units and 17 four-bedroom units," Sickles said.

## Police Balk Demonstration Against Greek Royal Pair

"About 50 of our people wanted to stage a demonstration outside the palace," said Terry Chandler, 23, who described himself as chairman of a Save Greece Now Committee.

"But the police roughed us up and wouldn't let us," he said.

The nearest thing to an incident between the visiting royal couple and demonstrators came in a side street near the station.

### SCREAMS AT KING

Screaming, "Release my husband, release him," Mrs. Betty Ambatielos, British-born wife of an imprisoned Greek Communist, was dragged away by the police.

Mrs. Ambatielos, 45, was released after the royal procession passed.

The demonstrators were far from giving up. "We aim to follow the king and queen everywhere they go. Every time they appear in public, we'll be there," said a spokesman for Britain's militant Committee of 100, which charges Greece is holding 960 political prisoners and demands their release.

Alarmed by the almost complete diversion of traffic from old Rt. 15, now Rt. 34, as a result of the recently opened Gettysburg bypass, proprietors of 20 service establishments held an informal meeting Monday afternoon at the Five Star Restaurant to consider steps to alleviate the situation.

Maxwell Barach, of the Red Schoolhouse Antique Shop, served as chairman of the meeting. He estimated, and there was unanimous agreement among the motel, restaurant and other business owners that traffic had dwindled by 75 per cent following the opening of the bypass just prior to the centennial celebration. Most operators commented that they were doing "a winter business."

The main contention of the group was that the roads, both the new bypass and old Rt. 15, are poorly marked. Northbound traffic, with which the group was mainly concerned, "has no sensible indicators." The first bypass sign notes that the next five exits are Gettysburg exits, but then reference is by area like Steinwehr Ave. which is "meaningless to

## MADE \$250 ON PARADE SEATS

Robert Ziegler, president of the Exchange club, reported today the club raised approximately \$250 last Tuesday by selling seats for the Centennial parade.

The money, he reported, will be used by the club to purchase commemorative neckerchiefs to be given to the members of the Black Walnut Boy Scout District who encamped for four days during the Centennial period and assisted in crowd control, as ushers, and for other duties during the Centennial period.

The seats were set up between E. Stevens St. and E. Lincoln Ave. on Carlisle St. Russell Kane was chairman of the committee in charge of the project assisted by Donald Peters and Philip Neff of the club and several fathers of the Boy Scouts.

Thursday evening the Exchange club will be host, at Recreation Field, to a supper for 37 foreign exchange students returning to Washington and then to their homes after a year in the U. S. under sponsorship of the American Field Service. Friday the club will provide a tour of the battlefield for the exchange students.

George R. Bucher, Iron Springs, indecent assault; James Hilton, Washington D.C., receiving stolen goods; Roy F. Flory, Biglerville R. D., indecent assault. The length of parole varied in the cases as well as the rates for starting the parole.

### TO QUIT COUNTY

Victor Smith, York, was placed on parole for one year on a charge of forgery. When he assured Judge W. C. Sheely, "I won't pass any more checks in Adams and Fulton Counties," the judge told Smith that "if you stay out of the county, we'll forget the costs." Clerk of Courts Kenneth W. Johns noted that Smith has a number of costs in prior cases on which he has not paid. Smith told the court, "Things are better at the workhouse under the new warden." The York man had been sent previously to the Allegheny County Workhouse on bad check charges by Adams and other counties. He still has to appear in York and Lancaster Counties on current bad check charges.

Clifford J. Wagaman, Gettysburg R. 3, was placed on parole for one year and given six months to pay costs and restitution totaling \$210 on a forgery charge.

## COUNCIL MAY

(Continued From Page 1)

Winebrenner reported placing the reviewing stand for the July 2 parade at a cost of \$165.60 to the borough. The State's Centennial Commission had asked the town to place the stand when a contractor asked \$3,000 for the job, and the state commission did not have the money for the job. Winebrenner said the borough paid J. I. Heretzer \$75 for use of two flatbed trailers, \$36 for labor, \$25.10 for carpenters, \$23.25 for lumber which will be used again by the borough for street barricades etc., and \$6.25 for additional bunting.

A petition was received from John B. and Catherine D. Stevens, John and Marjorie Teeter, Vera Hoffman and S. M. and Lillie Welsh asking that the town take over an alley in the rear of the west side of Carlisle St. and offering to give to the borough rights of way, etc. they have. The matter was turned over to committee.

Mayor William G. Weaver spoke in praise of state police activities in connection with traffic control here during the centennial period and was authorized by council to write a letter of thanks to the troopers for their work.

He reported little disturbance and during the week a double night patrol was operated in the borough with one officer in the police car and another in a private car and "it worked out very well. We used part time policemen to fill out the force but I recommend strongly to council that it consider employing another full-time policeman to increase our present force."

Councilman Robert McCoy read the annual list of properties where sidewalks or pavements should be replaced. The list was determined during a recent tour of the town by councilmen. Council will vote those listed should be sent 30-day notices to effect the repairs required.

A letter was read from the Adams County Civil War Centennial Commission thanking the borough for its aid in holding various centennial affairs.

### STALLSMITH SERVICES

Funeral services for Mrs. George W. Stallsmith, 77, Orrtanna R. 2, who died Friday morning at the Warner Hospital, were held Monday afternoon at 2 o'clock at the Bender Funeral Home. Her pastor, the Rev. Dr. Henry W. Sternat, Biglerville Lutheran pastor, officiated. Interment was made in Evergreen Cemetery here. The pallbearers were Ronald C. Stanley K. and Frederick L. Group, Edward Shetter, Elwood and Richard Miller.

Mr. and Mrs. Paul L. Griffie, Gardners R. 2, have announced the engagement of their daughter, Miss Stella M. Griffie, to Stanley E. Prosser, son of Mr. and Mrs. Ralph H. Prosser, York Springs R. 2.

Miss Griffie attended Carlisle High School. Her fiancé, who graduated from York Springs High School in 1958, is employed by the Peter J. Schweitzer Division of the Kimberly Clark Corp.

## SCHOOL BOARD REORGANIZES

The Gettysburg Area School Board met for the first time with the members of the Highland Twp. board as new members of the area school district Monday evening and selected board officials.

Robert W. Weaver was re-elected president and Orville B. Orner was continued as secretary. The Gettysburg National Bank was elected treasurer and the firm of Brown, Swope and MacPhail was retained as solicitor for the district.

The directors gave formal approval to the new joint agreement with Highland Twp. as a member of the Gettysburg Area School district.

The first Monday of each month was continued as the regular meeting time for the expanded area board.

With its new member, the Gettysburg Area School district began this fiscal year July 1 with a total of about \$48,200 in the bank. Of that sum about \$6,800 was contributed by the Highland Twp. district. The remainder of the balance was from the original area school board.

Committee assignments will continue without change.

Darwin Asatura, 28, Miami, Fla., was jailed Monday evening in default of a fine and costs of \$15 after being charged by state police before Justice of the Peace Harry Baker, Straban Twp., with speeding at 64 miles per hour.

## State Approves Mount Science Bids

The Maryland State Board of Public Works has approved the low base bids of the Lawrence Construction Co., Baltimore, for construction of the new Science Building at Mount St. Mary's College, Emmitsburg, and of the Charles G. Stott Co., for laboratory equipment, Rev. Fr. Carl J. Fives, chairman of the building committee, announced today.

The Lawrence bid was for \$880,000. Other building construction bids were: Frederick Construction Co., \$897,064; Hicks-Tate, Inc., \$907,000; Henry A. Knott, Inc., \$919,700; E. Eyring & Sons, \$949,000; Piracci Construction Co., \$949,700; and Joseph F. Hughes, Inc., \$1,023,000.

The Stott Co. bid for lab equipment was \$137,276. Page-Kaufman-Daly bid \$149,240.

Contracts will be let in the near future. State approval of the contracts was necessary because of the \$500,000 matching grant given by the legislature. Lawrence erected Pangborn Hall several years ago.

## Sunday In New York Is Allenberry Hit

Ann Willis and Peter Ratray, the two young stars at the Allenberry Playhouse, Boiling Springs, this season, romped through the many quickly changing scenes of "Sunday in New York" now in its final week there and made the most of their clever lines in this hilarious comedy by Norman Krasna. They were ably assisted by David Brubaker and Don Draper as brother and hometown boy friend of the native girl who goes to New York in search of experience and a husband. William McKereghan and Margaret Jenett, appearing as assorted characters and scene shifters, added much to the merriment.

The back stage staff deserves much credit for the cleverly executed farce, as does Richard North Gage, the director, for building the many funny incidents up to the explosive laughter of the final scene. No family play, "Sunday in New York" is sophisticated entertainment, particularly for young adults. . . . ETB

## F. J. BALDWIN, MOUNT GRAD, PASSES AWAY

A requiem mass for Francis J. Baldwin, 89, an architect of a number of buildings in Baltimore, will be held at 10 a.m. Wednesday at the Immaculate Conception Church, Mosher and Division Sts., Baltimore. Burial will be at New Cathedral Cemetery.

Baldwin died Sunday night at the Jenkins Memorial Hospital, Baltimore.

One building Baldwin helped design was the old Sun building, Baltimore and Charles Sts., which workmen began to raze Monday.

A native of Baltimore, Baldwin attended public schools in Baltimore and graduated from Mount St. Mary's College, Emmitsburg, and the University of Pennsylvania School of Architecture.

After his graduation from the University of Pennsylvania in 1895, he returned to Baltimore to enter his father's architectural firm, Baldwin & Pennington. After two years there he went to New York to work in another architectural firm for about five years before returning to the Baltimore firm.

### CHURCHES AND SCHOOLS

He helped design the old Sun building that was built in 1906 after the famous Baltimore fire of 1904. Other work included design of the Holy Rosary Church, Bank and Chester Sts., and campus buildings at Mount St. Agnes College, Mount Washington; Notre Dame College, and his alma mater, Mount St. Mary's College.

### OPENS OWN OFFICE

Following the death of his father, E. Francis Baldwin, in 1916, he opened his own architectural office and worked independently until his retirement about 15 years ago.

Baldwin married Elizabeth Manley in 1916. She died in 1917 from influenza when an epidemic swept Baltimore.

He was a member of many organizations, including the Maryland Historical Society, the Society of Colonial Wars of the State of Maryland, the Society of the Cincinnati in the State of Maryland, the American Institute of Architects, Baltimore chapter, and the Maryland Club.

Survivors include three brothers, Thomas A. Baldwin, of Washington; Laurence A. Baldwin, of Annapolis; and Eugene F. Baldwin, of Baltimore.

## Foreign Prelates Visit Mt. St. Mary's

The Most Rev. Blaise Kurz, D.D., apostolic prefect of Yungchow, China, now in exile in this country, and the Most Rev. Jorge K. Pflaum, D.D., vicar apostolic of Concepcion, Bolivia, were recent visitors at Mount Saint Mary's Seminary, Emmitsburg.

During their respective visits the two prelates discussed the forthcoming session of the Second Vatican Council with Rev. Gommarr A. Depauw, J.C.D., academic dean of the seminary, who served as theological advisor to both while at the opening session of the Council in Rome last fall.

Father Depauw said that he believed that there will be no new matters discussed at the session which has been called by Pope Paul for September 29. The business of the session will follow the schemata prepared from the business discussed at the first session last fall.

private residences, only college property, he said. Metropolitan Edison is providing, at no expense to the owners, other entrances for its power to private homes within the "loop" areas.

### PRESENT ORDINANCES

Present borough ordinances prevent the college from buying the facilities from Metropolitan Edison because only it and United Telephone Co. are allowed to put up poles and wires under the ordinance. Council appeared to approve the idea and the ordinance and light committees were asked to prepare a new ordinance or a change in the old one for consideration by council next month.

Approval was given Monday night by council for Television Electronics Corporation, known as "Telco," to put up poles and string wires and cables across streets and alleys in accordance with the various borough regulations, thus permitting Telco to install a community aerial for television reception. The ordinance provides that the company post a bond of \$50,000 with the town to cover any damages that might occur, failure to maintain or remove lines, etc., as the need may be. The company representatives hope to sell use of their community antenna to present television set owners at a monthly fee on the basis of better reception and reception of more stations.

Council was assured that the cables would not cut television reception for those continuing with their own aerials. The corporation officials said the Federal

port to the board for study. He announced that shelving in the elementary school libraries has been installed and the libraries will be ready for use in September. He said that he is awaiting a recommendation from Harrisburg concerning Bible reading in the school and will act accordingly.

### TO INVEST INCOME

The board authorized Houck to invest tax income in time certificates as the money is received. The secretary reported that the three elementary and high school cafeterias had a total income for the year of \$84,413.73, with total expenses of \$83,004.59. He said that each school showed a slight profit and that the \$1,409.14 profit is being used to replace kitchenware as it is needed. He reported food inventory at the end of the school year at \$1,108. President Oscar C. Rice asked the board to commend the cafeteria management for consistently good operational practices.

Houck reported a treasury balance of \$122,713.10 in the general fund and \$8,701.47 in the amortization account.

The next regular meeting of the board will be held August 10.

### CALF CLUB MEETS

The 4-H Dairy Calf Club held a meeting Monday evening at the home of Michael Gitt, Gettysburg R.D., in the form of a picnic with 11 visitors, 14 parents and 11 members in attendance.

There was a brief meeting after the picnic at which health charts were distributed. A tour of projects was planned for July 31 with David Slusser, Grace Phipps and Timothy Brown the committee in charge. This committee to plan a fair display was named: Philip Lobaugh, Judy Fissel, Sally and Tim Brown and Paul Guise. The next meeting will be held at the Brown home on August 5.

Communications Commission regulations prohibit any such interference.

Reports on the convention of the state association of boroughs were presented by Councilwoman Rebecca Schwenk and Councilman Robert McCoy.

Mrs. Schwenk also reported on the use of Gettysburg Junior High School and Meade School toilet facilities during the centennial. Council, she said, will receive a bill from the school board for janitorial service and any other costs involved in the use of the facilities.

burg and Ridley Park, was elected as a teacher at an annual salary of \$4,200. Mrs. Lois H. Keller, R. 5, was elected as a half-time teacher of Spanish at the high school at \$2,100. She is a Shippensburg State College graduate, and has done homebound instruction for the local school district.

Chester W. Miller, now a teacher at the Milton Hershey School at Hershey Pa., was elected as a guidance counselor at the high school at a salary of \$6,200. He is an Indiana State College graduate who earned his master's degree at Columbia and has done graduate work elsewhere also. He was formerly a guidance counselor for seven years at Myersdale before going to Hershey.

### CONTRACTS FOR 12

The fourth person elected was Mrs. Charles W. Richter, a 1962 graduate of Gettysburg College, who taught during the last year in North Carolina. She will instruct the human relations course at the high school. Her salary was set at \$4,200.

The board approved Fred P. Haehnle, Mrs. Horch and Mrs. Swanson as substitute teachers.

On recommendation of Supt. H. Edgar Riegle these teachers who received a satisfactory rating during their period of service as "temporary" employees were awarded regular contracts under the provisions of the tenure law: Mr. Brady, William R. Cadie, Mrs. Sally S. Crist, Mrs. Bette M. Forney, Kenneth C. Hays, Mrs. Pamela Kistler, Cornelius J. Manders, Sharon L. Owens, James F. Slaybaugh Jr., Mrs. Nancy B. Slaybaugh, John K. Speck and Mrs. LouAnn Hoffman.

### PLAN SPECIAL MEETING

The board opened a stack of bids on miscellaneous furniture, equipment, physical education supplies and supplies for the agriculture, metals, plastics and graphic arts departments. They will be studied and recommendations prepared for a special meeting of the board Thursday evening at 8 o'clock to award contracts.

Supt. Riegle told the directors that a survey requested from Harrisburg showed that the proposed teacher salary bill now before the legislature would cost the local school district \$43,000 the first year it operates and an extra \$24,000 in its second year. Bills totaling \$7,650 were approved for payment.

Supt. Riegle told the board he expects to attend the 41st annual School Administrators' conference at Penn State University July 14-18 and announcement was made of the state school board association's ninth annual summer conference to be held on the Indiana State College campus beginning July 19.

## Bypass

were supported by evidence that persons having reservations for various motels during the past 10 days had frequently ridden past the area and had to retrace their steps. A quick survey this morning showed that only two of the motels from the Maryland line to the borough limits had anything like normal occupancy.

All admitted that they had expected a decrease in traffic, but nothing as drastic as has taken place. If markers could carry Rt. 15 for the bypass and Rt. 15-A for the old road, the group felt the situation would be vastly improved, even if both the Rt. 34 and 15-A signs were together. Proper marking of the Steinwehr Ave. exit signs was considered crucial.

### MEET WITH RIDINGER

Members of the group have already met with Adams County Assemblyman Harry D. Ridinger to improve road marking. Ridinger was to meet with state highway representatives this morning. All members were urged to voice their protests to the AAA, state representatives, Gov. William W. Scranton, and the highway department.

Fred Nimitz, of the Five Star Restaurant, was named chairman of a group to meet with the Travel Council this evening at 8 o'clock at the West St. bank, as well as to carry on discussions with Ridinger and others. Sol Davidowitz, of the Country Kitchen, was designated to secure information and prices of signs.

Representatives from the following businesses attended Monday's meeting: Rose Garden Motel, Carlana, Country Kitchen, Battlefield Edge Fruit Market, Battlefield Motel, Stuarts, Perfect Rest, Mountain View, Five Star Restaurant, Red School Antiques, Atlantic Truck Stop, Dush's Phillips 66 Truck Stop, Blue and Gray Motel, Plank's Garage, Sprigg's Garage, Stuckey's, Wagon Wheel Antique Shop, Mason Dixon Shell Station and Stambaugh's Used Cars, Greenmount Antique Shop and Agrotors Copter Service.

Many of the group noted that they had been assured that the route would be marked Alternate 15 rather than Rt. 34 until the signs were placed.

### HOLD SNYDER RITES

Funeral services for Mrs. Martha D. Snyder, 83, widow of the late Joseph A. Snyder, who died Friday morning at Springfield State Hospital, Sykesville, Md., were held Monday afternoon at 2 o'clock from the C. O. Fuss and Son Funeral Home, Taneytown, with her pastor, Rev. Robert V. Johnson, officiating. Interment was made in Baust Church Cemetery. Pallbearers were Sterling Wilson, Donald Six, Ardell Grossnickle, Mervin Eyler, Charles Bostian and Oscar Hoover.

May and June reports of the Adams County National Bank as school district treasurer showed a year-end balance for the jointure of \$21,992.

The school cafeteria's report for June showed a net profit for four days of operation of \$1,615 but included an extra lunch subsidy payment of \$1,874.

There was a letter of thanks read from the Gettysburg Fire Company for the use of the school athletic field and the auditorium foyer for the annual firemen's battle anniversary memorial service June 30 when Gen. Eisenhower spoke.

President Oren H. Wilson presided at the meeting which was called for 8 o'clock but did not get underway until 8:30 for lack of a quorum of eight of its 14 members. Cumberland Twp. was the only district not represented at the meeting.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
FIFTY YEARS AGO

Now, Clean Up: Gettysburg is ready for a general clean-up now that the anniversary is practically at an end, and citizens generally are asked to co-operate with the borough authorities to put the place in a presentable condition. Piles of waste paper may be seen everywhere. These should be removed immediately and all other debris taken away. The placing of lime on piles of garbage will do much to prevent sickness. The streets of the town which, through the careful forethought of the town council, were treated with various preparations before the anniversary, stood the heavy traffic remarkably and after a good sweeping will likely be in condition to stand whatever wear they may have during the remainder of the summer.

**Low Death Rate:** Dr. Samuel G. Dixon, Commissioner of Health, was interviewed in regard to the remarkably low mortality during the 50th anniversary celebration. He said, "The fact that only eight deaths have occurred during the excessive heat, despite the presence of 50,000 or 60,000 veterans and civilians, the majority of whom are of advanced age, is probably due to several causes. In the first place the old soldiers represent the survival of the fittest. Secondly the sanitary arrangements for the celebration were considered with the utmost care and have been of the most advanced character. The hospital service has been excellent. Both in the city and encampment prompt and constant attention of experienced physicians and nurses has been given all ailing veterans and civilians, lifting many of them out of the jaws of death. This has unquestionably served many who would have under any other circumstances sunk into death. Another factor which is difficult to calculate and yet undoubtedly responsible in some degree for the conditions is the stimulation naturally accompanying the meeting of old comrades and the revisiting of old scenes. All of these things have combined to keep the mortality down to such a low point. It is a matter of congratulation for those officials of the Federal and State government who have been in charge and a happy refutation of the calamity howlers' predictions that the celebration would be marred by an excessively high mortality."

**Veterans' Camp Finally Closed:** With the departure of the State Police Force this morning (Monday, July 7) the last of the official features of the fiftieth anniversary celebration disappeared. The State Health Department closed its hospital on Saturday, and dinner on Sunday was the last meal enjoyed by distinguished guests on the college campus. Sunday the fire apparatus from Harrisburg was returned to that city after having spent a week of idleness here for not one alarm was turned in during their stay in town. Their presence here was a source of general satisfaction and the knowledge that 900,000 gallons of water was constantly on hand in the reservoir for fire use added to the feeling of safety here. Early this morning the Philadelphia Boy Scouts, headed by the Third Regiment Band, marched through town to take their special train back to the Quaker City. The boys performed efficient service during the week and, with the Regular Army men, did all in their power to make the veterans comfortable. Later this morning the four troops of the state police broke their camp on Nixon Field and left for their various posts of duty. At the big camp the canvas will fall rapidly and all the stores prepared for shipment. It is estimated that about 3,000 blankets have disappeared and as a result strict guard duty is being enforced there to prevent any further de-

## Today's Talk

## WHAT HAS BEEN

We cannot live upon the past, but we can meditate and measure the future by its experience. What is before us is as a blank wall, or a screen. It is all veiled from us.

What has been, however, is something vital to us. We carry our memories with us. When a man is old and his activity of little avail, nothing thrills him more than to recall and talk about what has been — in his life.

And all this is good. It warms the winter of one's life. It gives food that is nourishing to youth, and the aspiring man. We appraise the present largely by the standards that have been ours in the past, and we predict the future by what we know of the present. But what has been is the background by which we gird our growth.

We may regret our losses, but our gains keep prodding us on. That which has been in our lives stimulates our imagination and stiffens our will to go forward in better part.

Emerson said that "every end is a beginning." So it is that what has been may be only a grief and glorious beginning! We know the heights of our past. What we look forward to is some event that will surprise and put to shame our meager attempts of the past.

What an affront to the inquiring mind is the exclamation: "It has always been so, and always will be!" Where would we be if we lived by such a philosophy? There are some things that ought never to have been. War, for instance. And there are things that will be that never have been! Universal peace, for instance. Maybe not for a thousand years, perhaps. But anyway when intelligence becomes of age.

Events are fluid. You can no more dam them than you can stop a tornado within your path. What has been is going to flow into what will be. We all know that a man's past is prophetic of his future. We must learn to reverence the past without asking it to tag us through life.

What has been — is! Experience is something that has been absorbed into the very fibers of our being. Like the alphabet it doesn't have to be learned over again. But from it we form the path by which we travel to new worlds and into undiscovered countries of the mind.

## Just Folks

## VAIN EXCUSES

Tell them you lost and let it go.  
Forget the vain excuses,  
There's nothing good on earth below  
That whimpering produces.  
'Tis proper failure to admit,  
But waste no time explaining it.

The world will not believe your wail  
However you may word it.

You cannot tell a hard luck tale  
But what we all have heard it.  
Say that the better player won,  
That stands when all is said and done.

Stand up and play the game and be  
A fighter clean and plucky,  
But should you lose the victory  
Don't call the winner lucky.

Defeat's a bitter dose, you say  
You cannot talk the taste away.

And, boy, remember to the end,  
Excuses set men grinning,  
'Twere better for that time to spend  
On plans for future winning.

To failure, when you must, submit,  
But waste no words explaining it.

THIRD RACIAL  
RIOT ERUPTS  
MONDAY NIGHT

NEW YORK (AP)—Racial violence erupted for the third night in a row Monday near a Bronx diner being picketed by the Congress of Racial Equality.

A crowd of more than 1,000 jeering whites was broken up by 200 policemen using nightsticks to prod them.

White youths hurled rocks and vegetables at cars carrying Negroes in the neighborhood after a three-block area around the White Castle diner was cordoned off.

A Negro private detective, who said he fired a pistol shot over the heads of white youths who threw stones at him, was given a summons to court for unlawfully firing the gun in the city. The detective, Wilbert Johnson, 37, has a permit for the pistol.

## ARREST 2 NEGROES

Police arrested two Negroes after a patrolman said he saw them with a shotgun. The officer saw the gun when the Negroes stopped their car near the diner.

The pickets, who want the diner chain to hire more Negroes, began to leave about 11:30 Monday night and the last had left by 1 a.m. today.

Their spokesman said they would return today.

Police maintained tight security on the neighborhood which, officers say, is normally quiet. It is racially mixed.

A CORE spokesman said the group wants the diner chain to hire 25 Negroes a month until a "fair percentage" of the employees are Negro.

The Gettysburg post office sold 500,000 one cent stamps and the thirty employees at the office handled in addition to all the other mail 100,000 post cards daily. Comparatively few of the cards were sorted here, the first day 66,000 being sent to the post office at Harrisburg and 50,000 the second day to York. After that a force of twenty-four expert railway mail clerks were at work in a special mail car at Harrisburg for five days. All the cards and first class mail were cancelled here before being sent away. In view of the heavy work there was comparatively little delay to local patrons of the office and the post office force deserve much appreciation.

Chinese Reds Boycott  
Meeting After Soviets  
Charge "Aggravations"

By PRESTON GROVER

MOSCOW (AP) — Communist Chinese negotiators failed to show up at the Moscow-Peking reconciliation talks today after the Soviet Union fired new charges at Red China and warned of "dangerous consequences."

The interruption in the ideological talks between the two Communist giants came as Belgian Foreign Minister Paul - Henri Spaak, returning from a meeting with Premier Khrushchev, predicted Soviet relations with the West will improve.

The Soviet Communist party central committee earlier today accused the Chinese of deliberately aggravating Soviet-Chinese relations at a time when the two countries are discussing ideological differences.

## PREPARE MEETING

At the mansion in the Lenin Hills section of Moscow where the talks have been held, Western correspondents noted the usual signs of premeeting activity today.

But at 11 a.m., more than an hour after the talks usually begin, there was still no sign of the Chinese. Soviet officials began leaving, and then police said the Chinese would not be coming.

The Chinese absence aroused speculation that they were awaiting Peking's reaction to the new Soviet attack. Some observers thought the Chinese might call an end to the sessions in retaliation. The Soviet blast came shortly after Khrushchev snubbed the Moscow meeting with the Chinese and conferred in Kiev with Spaak on easing cold war tensions. The Chinese militantly oppose Khrushchev's peaceful coexistence policy, underlined by his meeting with Spaak.

## DENOUNCE SPEECHES

The new Soviet party statement denounced speeches at a rally in Peking Sunday in support of five Chinese expelled from the Soviet Union. They had distributed reprints in the Soviet Union of the Chinese Communist party's long denunciation June 4 of Khrushchev's policies.

The Soviet statement said speakers at the rally tended to create "moods unfriendly to the Soviet people, to aggravate the situation in the course of nego-

tiations between the representatives of the Soviet Union and China.

"The impression is created that a deliberate campaign is being carried on to aggravate seriously the Soviet-Chinese relations, disregarding the dangerous consequences of this policy."

## NEWS WITHHELD

The statement added that despite "such unfriendly actions," the Russians will do everything possible "not to deepen the existing differences" with the Chinese. This clearly indicated that the Russians do not intend to suspend the talks with the Chinese in the Lenin Hills villa overlooking Moscow.

No news leaked out of these talks between teams headed by Mikhail Suslov, top Soviet ideological expert, and Teng Hsiao-ping, his Chinese counterpart. Western observers have been convinced since before the talks started that they would produce no significant agreement.

Spaak refused to give details of his talks with Khrushchev in Kiev, 500 miles away.

## "VERY GOOD TALK"

The Belgian statesman, a former secretary-general of the North Atlantic Treaty Organization, said "it was a very good talk." Returning to Moscow, he described the meeting as "warm and friendly."

Television films of the meeting showed Spaak and Khrushchev laughing and gesturing in the garden of the premier's villa. Tass, the Soviet news agency, said the meeting was "marked by an atmosphere of sincerity and mutual understanding."

Khrushchev did not accompany Spaak to Moscow and there was no indication when he would return from Kiev.

John Leyerzaph of Sarasota, Fla., will captain the West Point tennis team in 1964.

WITHDRAW BID  
FOR ARTICLES  
BY SPACEMEN

CHICAGO (AP) — Withdrawal of a \$3.2 million contract bid for the nation's 16 astronauts for personal stories of their space flights has been announced by Field Enterprises Educational Corp.

Corporation President Bailey K. Howard, in a statement Monday, said the publishing firm hadn't been able to "obtain a meeting of minds" with the National Aeronautics and Space Administration.

"Following our most recent conversations with officials of NASA," Howard said, "we have reached the conclusion that further negotiations would be futile."

## DREW CRITICISM

The space administration, while not a party to the contract, had assumed responsibility for passing on its provisions. The proposal, announced last January, drew immediate congressional and press criticism.

Involved were 6 astronauts, including the original seven. The contract would have been for flights in the two-man Gemini capsule, slated for next year, and in the Apollo capsule designed to carry the three-man expedition to the moon.

Field Enterprises Educational Corp., which publishes the World Book Encyclopedia, had offered to establish a nonprofit company which would have paid the astronauts \$3.2 million over a 10-year period or until the first moon landing.

Youth Who Killed Former  
Olympic Star, Must Die

By BILL STALL

RENO, Nev. (AP) — Thomas Lee Bean faced death in the Nevada gas chamber after being convicted of first degree murder Monday in the April 5 dismemberment-slaying of Sonja McCaskie, 24, former Olympic skier.

The 19-year-old high school youth, described at his trial as a rejected, unloved boy, stared at the jury foreman, Joseph Dett-

ling, as the death penalty recommendation was read.

Dist. Judge Grant L. Bowen set July 15 for sentencing. Dist. Atty. William Raggio said the judge must follow the jury's recommendation.

## LIKELY TO APPEAL

Defense attorney Harry Anderson said he probably will appeal, depending on whether Bean wants a chance to escape the gas chamber. He said the boy, son of an itinerant salesman, had made a second attempt on his life in Washoe County jail last Tuesday. The first try, a wrist-cutting episode in May, was disclosed by a sheriff's deputy on the witness stand during the trial which began June 24.

The attorney never refuted Bean's admission that he strangled Miss McCaskie, a native of Elgin, Scotland, raped her and then dismembered her body. But through the testimony of a San Francisco psychiatrist Anderson sought to prove that Bean should be acquitted because, although rational in some areas, he did not know right from wrong in a sexual sense. Bean had pleaded innocent.

## EX-OLYMPIC STAR

Bean was caught eight days after the slaying after officers traced a camera missing from Miss McCaskie's apartment to a pawn shop.

A divorcee and mother, Miss McCaskie skied for Great Britain in the 1960 Winter Olympics at nearby Squaw Valley, Calif., and on the British team in European competition the next year. She was a secretary for a Reno meat packing firm and gave ski lessons on weekends at a resort near Reno.

## GIANTS TRADE GRIER TO RAMS FOR 2 LINEMEN

By BOB GREEN

NEW YORK (AP)—The New York Giants' famed defensive unit, the "Fearsome Foursome," is no more.

The Giants broke up the vaunted front line unit by trading tackle Roosevelt Grier to Los Angeles Monday for tackle John Lovetere and a high draft choice.

Grier, 31, a 6-foot-5, 290-pounder, combined with tackle Dick Modzelewski and ends Jim Katcavage and Andy Robustelli on the Giants' front line that helped win five Eastern Division titles and one National Football League championship.

### INITIATED BY RAMS

Lovetere, 27, is 6-foot-4 and weighs 285. He has been in the league five seasons and three times has been chosen as the Rams top lineman.

"The Rams initiated the trade to strengthen their line," said Giant coach Alie Sherman. "They feel that'll be an asset to the defense. But we feel it will help us, too, because in addition to getting Lovetere, the deal should solidify our backfield."

Sherman plans to use the draft choice as bait for a deal for a top running back.

Grier, who will be starting his eighth season in the league, and the other three members of the Giants defensive unit played together every minute of every season since 1956, except for 1957 when Grier was in the Army and a few games toward the end of the 1960 season when Katcavage was hurt.

### OLD TEAMMATE THERE

At Los Angeles, Grier will join Hrand Svane, an old teammate on the Giants and now Ram head coach.

"I rank him one of the top tackles in the league," Svane said. "All of his training and playing has been under the type of defense we will be teaching."

The Giants said Lovetere had impressed them in pre-season games.

Lovetere attended Compton Junior College but did not play football there. He was signed by the Rams as a free agent after he had played service football.

## BURY KEARNS ON WEDNESDAY

MIAMI, Fla. (AP)—Jack (Doc) Kearns would approve of the commotion surrounding his death.

The famed manager of ex-champion Jack Dempsey died Sunday at the age of 80. His funeral will be held at a funeral home at 3 p.m. Wednesday.

Dempsey was expected to arrive in Miami today to serve as a pallbearer. The ex-heavyweight king still called Kearns "the greatest" despite a feud that separated them.

"We had a lot of laughs together and we made a lot of money," Dempsey once said. "He made me champion."

Kearns helped Tex Rickard promote the fight between Dempsey and Georges Carpentier at Boyles' 30 acres in New Jersey on July 2, 1921. It turned out to be boxing's first million dollar gate.

## SAYS APATHY HURTS BOXING

EPHING, N.H. (AP)—Apathy is hurting boxing and inactivity may do the same to heavyweight champion Sonny Liston, former heavy-weight king Jack Sharkey says.

Sharkey blames the easy life of the times for the decline of the sport he loves.

"It's easy to point out why boxing and the interest in it is fading," Sharkey said. "All the kids look for today is the easiest way out. When I was a kid it was nothing for me to walk two or three miles for a loaf of bread. We were in shape in those days, we had to be."

"You can count on one hand today the number of real contenders in each division throughout the country. As a matter of fact, I bet you can't name three in each division that are strong contenders. At least I can't."

How about the coming Liston-Floyd Patterson rematch in Las Vegas?

"One thing stands out in my mind," Sharkey said. "This year's layoff may have hurt Liston more than Patterson."

"Sonny is more of a glory boy. In the long run, that could hurt."

## TODAY'S CROWD IS FAR BELOW RECORD SIZE

By JACK HAND

Associated Press Sports Writer CLEVELAND, Ohio (AP)—The favored National League was prepared to go all out in today's All-Star game with the leading American League as the series reverted to the original one game plan after four years of double helpings.

About 45,000 fans were expected to turn out in sunny cool weather for the nationally televised (NBC) game starting at noon, (EST). This would be some 24,000 off the all-time record of 69,831 set in this same Municipal Stadium for the third game, July 8, 1935.

For Manager Alvin Dark of the San Francisco Giants this was a chance to get even with Manager Ralph Houk of the New York Yankees for last year's World Series. Although Dark's Giants took the Yankees down to the last out in October, they lost when Willie McCovey lined a rocket to Bobby Richardson for the final out in the seventh game. Both McCovey and Richardson were on the squads although neither was a starter.

### O'TOOLE STANDS

Jim O'Toole, Cincinnati's talented left-hander with a shiny 13-6 record, was Dark's starting pitcher. The Giants' skipper had a capable staff to follow O'Toole. In addition to southpaws Sandy Koufax of Los Angeles, Warren Spahn of Milwaukee, Hal Woodeshick of Houston, the Nationals had right-handers Don Drysdale of Los Angeles, Juan Marichal of San Francisco, rookie Ray Culp of Philadelphia and Larry Jackson of Chicago.

Dark obviously went for the lefty because the American League's starting lineup had four left-handed batters—first baseman Joe Pepitone of New York, second baseman Nellie Fox of Chicago, left fielder Leon Wagner and center fielder Albie Pearson of Los Angeles.

### HOLD RECENT EDGE

Houk held off on naming his starter until he could talk to the boys in the clubhouse. Ken McBride of Los Angeles or Jim Bunning of Detroit had been announced as the two probable. Bunning had been something special in All-Star games, having pitched eight straight scoreless innings during which he allowed only one hit in the last two years. Houk's other pitchers were Jim Bouton of New York, Bill Monbouquette and Dick Radatz of Boston, Jim Grant of Cleveland, all right-handers, and one southpaw—Juan Pizarro of Chicago.

The American League held a 17-15-1 edge after 33 games but the National had an 11-5-1 winning edge in the last 17 games and 4-1-1 in the last six.

The second-place New Oxford Dodgers handed the league-leading Bendersville Orioles their first defeat to tighten the battle for first place Monday evening by smashing out a 15-1 decision at New Oxford.

Longball hitting featured the Dodgers' 11-hit attack. George Smith and Randy Phiel, Jerry McKim and Bill Bollinger each poling home runs. McKim rapped a double and triple, scoring four times and driving in five.

Phiel pitched two-hit ball for the winners and fanned seven. Two Bendersville hurlers fanned nine but also yielded nine walks.

The Biglerville Red Legs snapped a seven-game losing streak and won their first game by downing the White Sox at Arendtsville 11-6.

Most of the scoring was packed into the final inning when the Red Legs scored five runs and the Sox came back with four in the bottom of the frame in a futile effort to pull the game from the fire. Ted Black rapped a triple for the winners and Rick Weaver and Marty Hawbecker each smashed two hits. Tony Bushey poled two hits for the Sox.

White Sox	100 100 4-6 7 6

At Idaville the Senators took a 6-2 verdict from the York Springs Giants. B. Smyers, winning pitcher, collected three of his team's five secured by the Giants. Smyers fanned four and did not walk a man. His mound opponent, D. Wagner, whiffed six and also did not issue a pass.

Behind a 16-hit bombardment, the Cardinals walloped the Pirates 23-14 Monday evening.

The Cards scored all their runs in the first four frames including an 11-run third. The 11 runs came on seven hits including Jack Dearthoff's towering three-run homer to deep center field.

The Pirates tried desperately to come back, but managed to score only 12 runs in the last three frames. Most of the Pirates' scores in the late moments of the contest came as a result of Dearthoff's 14 walks and five hit batters.

John McDowd paced the losers with a trio of safeties while Taylor, Nagle, Dearthoff and Jim Hammett collected the same number for the winners.

## See Harbinger In Storm Over Dallas P.O. Negroes

**EDITORS NOTE** — The recent promotion of three Negroes in the Dallas, Tex. post office touched off a hometown controversy that spread to Washington. Just how are post office employees selected for promotion and how much leeway do postmasters have in making promotions?

**By STANLEY MEISLER**  
WASHINGTON (AP)—A month ago, three college-educated Negroes won promotions in the Dallas, Tex., post office. What pushed them ahead—ability or the color of their skins?

The promotion of the three set off a tempest in Dallas and in Washington. Some critics cried discrimination against whites.

This Dallas controversy may be a harbinger of things to come, for tempes like it may brew again and again in the Negro struggle for better jobs and better conditions.

### APPEAL TO PREJUDICE

Rep. Bruce Alger, R-Tex., who represents Dallas, says the promotions there show that "in a direct appeal to racial prejudice and in an effort to submit to threats of violence, the administration has ordered that civil service procedures be ignored and promotions made strictly on the basis of race."

Clarence Mitchell, Washington representative of the National Association for the Advancement of Colored People, dismisses this argument. "The Dallas promotions," he says, "were just one of those things where the government is trying to correct an inequity."

Some postal unions contended that the most qualified of the three Negroes was promoted over 53 white postal workers higher on the Dallas promotion list.

### BEGAN IN 1961

Lee C. White, President Kennedy's assistant special counsel in charge of civil rights, says the promotions were made in accordance with all civil service commission requirements.

The Dallas story began in May 1961 when the Post Office Department inaugurated a "merit promotion plan." Before then according to Richard J. Murphy, assis-

tant postmaster general in charge of personnel, local postmasters could pretty much decide on their own just whom they would promote.

Under the present plan, workers qualified for promotion are put on a list in order of special point totals. These totals are based on (1) their score on an examination for prospective supervisors, (2) their years of service, and (3) a numerical evaluation given them by their two immediate supervisors.

### 40% ON LIST

Murphy says the list is not a strict qualification list; postmasters are not required to promote the top man when an opening comes.

When a list has less than 100 names on it, the postmaster may pick any man on the list. But, when a list has more than 100 names, the postmaster, unless he has permission from Washington, must try to pick someone from the top nine. The Dallas list had 400 names.

Last January, Postmaster General J. Edward Day called 600 postmasters to the University of Oklahoma for an unusual seminar. Among the topics discussed was the post office's "program for progress"—a plan to end any discrimination against Negroes and other non-whites in post office hiring, training and promotion.

### MONTHLY REPORT

Under the plan, postmasters of large offices must make monthly reports on their progress. The aim is to report to President Kennedy next March that the post office has developed a comprehensive equal employment opportunity program.

In another aspect of the program, the post office announced a new policy of refusing to lease space in any building that has segregated facilities and of refusing to give a substation contract to any proprietor who runs a store with segregated facilities.

In addition to the University of Oklahoma seminar, 27 postmasters and four regional postal officials from the South have been called to Day's office in Washington since May 23. He has asked them to speed up their programs to end any possible discrimination.

### NEGROES FORWARD

Murphy says Day and other Washington officials did not instruct the Southern postmasters how to do this. The method, Murphy says, was left to the local officials.

During this campaign, Murphy says, Day discovered that the Dallas post office, unlike other offices in Texas, never had a Negro supervisor. Day wrote local officials in Dallas and asked them

The regional headquarters recommended that the Dallas postmaster select Negroes for the next three openings. But, when the openings came, no Negro was among the top nine on the list.

Murphy says Postmaster W. B. Hudson asked Washington for permission to go outside the top nine. Permission was granted.

### FAR DOWN ON LIST

Three Negroes, Buford R. Tyler, Andrew J. Calloway and Herschel Gillins, were picked. The highest was No. 54 on the list.

Their comparative low position on the list, Murphy says, may be due to discrimination in the Dallas post office. Murphy also notes that Negroes usually have low seniority because jobs in the post office did not open to them until after World War II.

Murphy rejects all arguments that the department is practicing discrimination in reverse.

## A Lovelier You

By MARY SUE MILLER

**Cooling Treatment.** When you feel that nothing would cool you off but a plunge in a tub of ice cubes—take a warm bath. Take it on arising, before dinner or at bedtime. You will feel frosty for hours thereafter.

A warm bath really is the acme of personal air conditioners. And there is scientific evidence to prove it. Medical experts explain that warm water causes blood vessels to dilate. As a result, internal heat reaches the skin and leaves the body.

To reap the full benefit, the bath water must be tepid—just slightly warm. So don't get into it until you have tested the temperature. To test simply touch your elbow to the water.

Once submerged, soak as long as time permits. Then lather up in slow motion and rinse at a lazy pace. Lest you undo much of this bath's good, take the next steps

Or better still, let the air dry your body. Your skin, as well as your temperature, improves with airing.

Actually many two-in-one treatments are possible with a cool-off bath. The addition of bath oil would help to control dry skin. While you soak, weary eyes would respond to witch hazel-moistened pads and a drawn face to a mask. Thus you come to feel cool and look lovely.

## UNION BOARD REINSTATES 18 REBELS

PHILADELPHIA (AP)—Eighteen members of Teamsters Local 107, expelled for trying to overthrow the leadership of International President James R. Hoffa, have been reinstated by the union's General Executive Board.

The board placed the 18 on two years probation with eligibility during that time to seek election only as garage stewards. Twelve others expelled in January, 1962, were advised their status will be reviewed.

All 30 are members of the Voice of the Teamsters, a rebel faction which twice challenged Hoffa's leadership in National Labor Relations Board elections.

### HOFFA WINS

Last April Hoffa emerged successful from the greatest challenge yet to his leadership when he won by an almost 3-to-1 margin an election aimed at taking Local 107 out of the Teamsters into the AFL-CIO. Local 107, with more than 11,000 members, is the nation's fourth largest.

The 30 drivers have retained their jobs, but have not been able to attend union meetings or vote in local elections.

Newton's wife Shirley, was injured seriously David Sykes, 36, Mobile, occupant of the other car, was listed in critical condition.

## Kennedy Confers On Major Issues

WASHINGTON (AP)—President Kennedy flew back to Washington Monday for a series of conferences on major domestic and international problems after a four-day holiday weekend with his family at Hyannis Port, Mass.

His big presidential jet landed at Andrews Air Force Base, Md., completing a 55-minute flight from Oatis Air Force Base where he took off in a rainstorm.

One of the major issues awaiting the President is whether to ask Congress for legislation to head off a nationwide rail strike threatened for early Thursday. He is scheduled to confer with Secretary of Labor W. Willard Wirtz.

An estimated 2,500 spectators watched the 27-year-old service station operator complete the distance in 9 minutes, 7.02 seconds.

## CIVIL RIGHTS CHIEF URGES RACIAL LAWS

WASHINGTON (AP)—The Justice Department's civil rights chief urged Congress Monday to enact legislation to abolish racial discrimination in places of public accommodation.

"It constitutes vitally needed legislation," Asst. Atty. Gen. Burke Marshall told the Senate Commerce Committee. "It would remedy what patently is an injustice and it would do so by the normal processes of law."

Marshall echoed the plea made last week by Atty. Gen. Robert F. Kennedy as the administration touched off its congressional campaign to establish a series of sweeping new civil rights laws.

Two House subcommittees also scheduled civil rights hearings Monday. One took up the manpower retaining program and the other considered a proposal to deny federal aid to segregated schools.

Secretary of Welfare Anthony J. Celebrezze will appear before the House Judiciary Committee Wednesday when it reopens hearings on the President's omnibus seven-point program.

Marshall's prepared testimony concerned only the proposal to open public facilities such as restaurants, stores, hotels and places of recreation to all, regardless of race.

This has been the most controversial point of the program, because it is based on the Constitution's interstate commerce clause.

## WOULD MOVE ATHLETICS TO OAKLAND, CAL.

By JOE REICHLER  
Associated Press Sports Writer  
CLEVELAND, Ohio (AP)—American League President Joe Cronin confirmed today that Charles O. Finley, owner of the Kansas City club, had expressed interest in an executive session on the eve of the All-Star game in moving his Athletics to Oakland, Calif.

Cronin, however, emphasized that Finley had made "no formal request" to move the A's franchise. It would need at least eight affirmative ballots of the 10 owners to switch the franchise.

The Associated Press had learned exclusively Monday that Finley, rebuffed a year ago in his effort to move the A's to Dallas, was seeking a new home in California.

**BUILD STADIUM THERE**  
The Oakland City Council and the Alameda County Board of Supervisors recently approved issuing \$25 million in revenue bonds to build a 48,500-seat all-purpose stadium in Oakland. The park, however, is not expected to be completed before 1965.

Horace Stoneham, president of the National League's San Francisco Giants, confirmed that Finley had approached him in an effort to secure the use of the Giants' Candlestick Park until the Oakland stadium was finished.

"Mr. Finley was in to see me 10 days or two weeks ago," Stoneham said in San Francisco. "He asked me if his club could play in Candlestick Park as a starter—until Oakland finished a proposed stadium."

**COMPLETE SURPRISE**  
"But I told him it would be better for him to establish himself directly in Oakland. As I understand it, Mr. Finley had talked to and received backing of certain interests in Oakland."

While denying that Finley had formally requested a move, Cronin said: "Mr. Finley discussed with us his problems in Kansas City, as he did a year ago, and expressed an interest in moving to Oakland. I cannot say any more at this time."

**SEE ADVANTAGES**  
Other American League officials, at first hesitant to discuss the matter, acknowledged that a heated discussion had taken place over Finley's proposal. The move

took the other owners completely by surprise.

Several American League owners, said privately a Kansas City to Oakland move would be welcomed since it would create a second Pacific Coast team to match the Los Angeles Angels, simplify travel arrangements, reduce costs for everyone and create a strong intra-state rivalry.

The A's, mired in the second division of the American League for the eight years they've been in Kansas City, are troubled with skidding attendance despite the promotional efforts of the fiery Finley, who gained controlling interest in December 1960.

## Train Hits Trailer 2 Passengers Hurt

CONSHOHOCKEN, Pa. (AP)—A Reading Railroad train crashed into a stalled tractor-trailer at a crossing here Monday, injuring two passengers.

The truck driver, Thomas Dysart, 25, of Philadelphia, was unhurt.

When his rig stalled on the tracks, caught between the automatically lowered barriers, he leaped out and ran along the right-of-way, trying to signal the engineer, said he saw Dysart waving to him but that he could not stop the train in time to avoid hitting the truck, which was loaded with steel tubing.

The injured passengers are Norman Wright and Ernest Comick, both of Philadelphia. They were taken to a hospital, but first reports said they were not seriously hurt.

COLORADO SPRINGS, Colo. (AP)—This was "Ike Day" at the Air Force Academy.

Dedication of the academy's new golf course, named in his honor, was a high point of the six-day visit which former President and Mrs. Dwight Eisenhower are paying Colorado.

The nation's former first lady spoke at a dedication of her own Sunday—a public library named in her honor at Broomfield, near Denver.

"I'm very proud," Mrs. Eisenhower told a crowd of 3,000. She donated 337 books to the library.

# REPORT IKE TURNED DOWN BARRY, ROCKY

By JACK BELL  
WASHINGTON (AP) — Influential Eastern Republicans appear to be making little progress toward picking a candidate to back in the 1964 GOP presidential nomination race.

Reports that former President Dwight D. Eisenhower has turned thumbs down on both Sen. Barry Goldwater of Arizona and New York Gov. Nelson A. Rockefeller indicate a split with the old pro who helped the general become president—former Gov. Thomas E. Dewey of New York.

Dewey, who proved in three conventions from 1944 through 1952 that he knew how to get the nomination for himself or the man of his choice, has committed himself to Rockefeller as “the logical nominee.”

**SOME RESTRAINT**

The two-time presidential candidate took this action shortly after Rockefeller's marriage to the former Margaretta Murphy, and there has been no sign of any withdrawal from this commitment.

Sens. Jacob K. Javits, R-N.Y., and Kenneth B. Keating, R-N.Y., remain loyal to Rockefeller. Sen. Clifford P. Case, R-N.J., who used to get in a plug for the New York governor now and then, recently has confined himself to saying that Rockefeller's marriage hasn't helped him politically.

Sen. Hugh Scott, R-Pa., is beating the drums for Gov. William W. Scranton of Pennsylvania as a favorite son candidate. Scranton, who once thought Rockefeller would make a good nominee, now doesn't seem so sure.

**OTHERS ON LIST**

Scranton, Gov. George Romney of Michigan, Sen. Thurston B. Morton, R-Ky., and Gen. Lucius D. Clay reportedly drew mention from Eisenhower as men who ought not to be overlooked in the contest for the nomination.

Morton, a former Republican national chairman and now head of the GOP senatorial campaign committee, is well acquainted with party members from all of the states. But he says he hasn't even “hit the approach” of the bridge he would have to cross to bid for the nomination.

Morton denied on a taped radio program that the inclusion of his name on the general's list made him “Eisenhower's boy.” But he indicated he thinks Eisenhower is likely to have some influence in the choice of a nominee.

“I'd say that whether he wants to be the leader or not, that Gen. Eisenhower today commands the

HARRISBURG (AP) — The Pennsylvania Council of Churches was on record today opposed to legislation that would provide state aid for parochial school transportation.

The council, representing 17 Protestant denominations, said in a letter to the House Education Committee:

Two bills before the education committee would allow parochial school children to use public school bus transportation.

The letter was signed by the Revs. J. Charles McKirachan, chairman of social relations for the council, and George I. Evans Jr., executive secretary for social relations.

# ANTHRACITE BILL IS UP

HARRISBURG (AP) — The Scranton administration's proposal to increase controls over the anthracite strip mining industry was scheduled for consideration today by the House Mines and Mineral Industries Committee.

Chairman William Buchanan, R-Indiana, promised to bring the bill up at the meeting.

Buchanan made the pledge under interrogation Monday by Rep. James Musto, D-Luzerne. Musto complained that the anthracite area was not being given equal consideration with the bituminous area in legislation to further regulate strip mining.

The administration bill on bituminous strip mining has passed the House and the Senate Mines Committee and is before the full Senate.

“At no time has a drive been made (for action on the anthracite bill),” Musto said. “We in the anthracite coal fields desire equal rights.”

Buchanan said he would support the bill in committee.

The chairman had amendments drawn creating immediately a four-member restoration board to act on backfilling requirements. Other amendments from area legislators to broaden the regulations also were expected in committee.

Glenn, 41, replies to such speculation that he has no time for politics. A spokesman for the National Aeronautics and Space Administration comments that political guesswork about Glenn sounds like a trial balloon.

But the speculation persists in Washington military circles, and some Ohio politicians say they wouldn't be surprised to see Glenn among the field seeking the seat of Sen. Stephen M. Young, D-Ohio, which is up for grabs next year. Glenn is an Ohioan.

**SOUTH OF THE BORDER:** Settlement of a 100-year-old U.S.-Mexican boundary dispute may come soon, with the United States ceding a chunk of land in El Paso to its neighbor south of the border.

Negotiators have reportedly overcome the problem of compensation for buildings owned by U.S. interests and costs of resettling U.S. citizens.

The dispute dates back to 1864 when the Rio Grande changed its course at El Paso and U.S. citizens began moving into the affected area.

**TAX CUT:** Secretary of the Treasury Douglas Dillon believes Congress will vote some kind of a tax cut this year, despite the preoccupation with civil rights legislation.

He said a cut in taxes is still needed even though the economy performed better than expected in the first half of this year.

Dillon, in a television interview (CBS-Washington Report) said he expected the House Ways and Means Committee to vote out “a satisfactory bill,” although not exactly as recommended by President Kennedy.

**NEWS SOURCES:** Legislation is expected to be introduced in the Senate this week to put the weight of law behind the right claimed by newsmen to protect their confidential sources of information.

“We are all familiar with cases in which journalists have gone to jail rather than reveal their sources of information,” said Sen. Kenneth B. Keating, R-N.Y., in announcing the planned legislation.

# Guild Funds Are Deeply In “Red”

PHILADELPHIA (AP) — The American Newspaper Guild continues to wrestle today with replenishment of its defense fund, currently in the red because of payouts during the recent New York and Cleveland newspaper strikes.

Charles A. Perlik Jr., international secretary-treasurer of the AFL-CIO affiliated guild, urged delegates to the guild's annual convention Monday, to rebuild the fund quickly to \$1 million.

However, Guild president Arthur Rosenstock told the Guild at one of the opening meetings to wait until next year before taking action on the fund, which is now \$500,000 in the red. Rosenstock said the 32,000 members have already been hit hard by wage losses and assessments.

# EASTERN U.S. COOL AND DRY

By THE ASSOCIATED PRESS  
Cooler and drier air today covered most of the eastern half of the nation except southern sections of the Gulf states.

Temperatures averaged 6 to 15 degrees lower than Monday morning from the northern Atlantic states and the lower Great Lakes region into sections of the middle Mississippi Valley. Readings in the 40s and 50s were reported from the Great Lakes into the north Atlantic states.

Temperatures again were in the 70s and 80s in the Gulf states into the southern Atlantic states. They were in the 60s in most other areas in the eastern half of the country.

Cloudy skies with scattered showers and thunderstorms, covered most areas from the south Atlantic states through the Gulf states and in New England. One of the heaviest rains, nearly two inches, fell in Charleston, S.D., in a six-hour period.

Weather in the western half of the country showed only minor changes from the past several days. Skies were generally clear in California and Nevada and partly cloudy in most other sections. Light rain fell along coastal areas of Washington and thunder-showers were reported in the northern Rockies but fairly warm weather prevailed in most other sections.

# Judge Dismisses Panama Flag Suit

By THE ASSOCIATED PRESS  
PANAMA (AP) — Federal District Judge Guthrie F. Crowe has dismissed an American's suit to bar Panama's flag from flying alongside the Stars and Stripes in the Panama Canal Zone.

Lawyers for the American, Gerald A. Doyle, said they were considering an appeal. Doyle, an employee of the Panama Canal Co., contended that Panama's flag flying over the U.S.-controlled Canal Zone was against the best interests of the United States.

The United States and Panama agreed last October to display the flags side by side after years of protests and demonstrations by Panamanians.

# DASHES TO FREEDOM

# TRANSPLANT LUNG FROM DEAD MAN

PITTSBURGH (AP) — For the second time in history, doctors have transplanted the lung of a dead person to a living person.

The first time was three weeks ago in Missouri. The second took place Sunday at Presbyterian-University Hospital.

Doctors said a 44-year-old man suffering from emphysema received the lung from the body of a 33-year-old man who died about an hour before the operation. Neither was identified.

**WAS KEPT “ALIVE”**

The lung was kept “alive” at low temperatures with blood circulated through it artificially.

Emphysema is a condition in which the air space of the lung becomes enlarged. The patient had been given less than a week to live.

In the Missouri transplant the patient, a 56-year-old lung cancer victim, died shortly after the operation from an unrelated disorder.

# \$75,000 FIRE

PITTSBURGH (AP) — A \$75,000 general alarm fire wrecked a two-story frame building housing several businesses in Pittsburgh's East Liberty district Monday.

Fire Chief Stephen Adley, who estimated damage, said the blaze started in an air conditioner in the 122 Restaurant and Bar as workmen were repairing it.

## REGISTRATION BOOKS CLOSED AT JACKSON

JACKSON, Miss. (AP) — Negroes in this Mississippi capital city, who stopped their protest demonstrations three weeks ago to concentrate on a vote registration campaign, today found the registration books suddenly closed.

"The chances are that the demonstrations will start again unless something is done about the registration," said the Rev. R. L. T. Smith, one of the leaders in Jackson's civil rights crusade.

Mississippi law provides that the vote registrar "shall keep his books open at his office and shall register the electors of his county at any time."

### STAFF SWAMPED

But Hinds County Circuit Clerk H. S. Ashford, who is also the vote registrar, said his small staff was overburdened preparing for the Aug. 6 Democratic primary in which there will be 138 names on the ballot.

The New Orleans Times-Picayune, in a dispatch from its Jackson bureau, quoted Ashford as saying he had been advised to stop vote registration under a directive issued by Circuit Judges M. M. McGowan and Leon Hendrick.

Following the assassination June 12 of Medgar Evers, Negro leaders agreed to a cessation of public demonstrations and directed their campaign toward voter registration.

### LONG LINES DAILY

Nearly 700 Negroes have gone to Ashford's office since then to seek registration. There have been long lines of Negro vote applicants in the courthouse daily. Ashford said the fact his office wasn't registering anyone has no effect on the August primaries or the November general election. No one who registers between

Members of the Enchanted Wheels Figure and Dance Club, Mary Jane Roller Rink, York Springs, returned Sunday night, following the completion of the Eastern Regional Roller Skating Championships at Bel Air, Md.

They won first place in the Intermediate Fours Division. William Coulson, son of Mrs. Esta G. Coulson, York Springs; Robert Cleveland, son of Mr. and Mrs. John Cleveland, Gettysburg R. 6; Carla Newman, daughter of Mr. and Mrs. Robert Newman, Yoe, and Sandra Grimm, daughter of Mr. and Mrs. Francis Grimm, York, were the participants.

First place in the Junior Fours Division was won by Deborah Tanger, daughter of Mr. and Mrs. Donald Tanger; Isodean Tanner, daughter of Mr. and Mrs. Gene Tanner; Jerry and John Smith, sons of Mr. and Mrs. John Smith, all of York Springs. The Junior Fours are pictured above.

They are now eligible to go to Portland, Ore., July 26 for North American Roller Skating Championships. All of them are students of Mrs. Jean Clouser, York, a professional roller skating instructor. Parents and friends of the contestants attended the meet.

## Extra \$7 Million Being Used By House Quickly

HARRISBURG (AP)—The legislature gave its attention to the Scranton administration's 1963-64 spending requests today with an eye on an extra \$7 million that may or may not exist.

The administration claimed the money is an illusion. Nevertheless, the House dipped into it for \$2.5 million Monday night. Pressures to appropriate the remainder were expected to increase.

### APPROPRIATION BILL

The House Appropriations Committee, meanwhile, called a meeting for today and Chairman Blaine C. Hocker, R-Dauphin, said it would consider the huge general appropriation bill. The bill includes the bulk—\$993 million—of the spending proposed in the fiscal period that began July 1.

The \$7 million represented an unappropriated amount that appeared on the books when Gov. Scranton reported Monday that the 1962-63 fiscal year ended June 30 with a deficit of \$14.5 million.

When he submitted last April his \$1.121 billion budget for the new fiscal year he included a little under \$1.1 billion in spending and \$21.8 million as the anticipated deficit to be paid off from the \$7.3 million "EXTRA"

Thus, the actual deficit of \$14.5 million appeared to leave \$7.3 million uncommitted.

Democrats suggested plans for spending that money as the House Monday moved the first 20 of the some 60 appropriation bills incorporating the various spending proposals outside the general appropriations requests.

The 20 bills involved \$31.2 million, including \$12.4 million for industrial development assistance and \$8 million for urban renewal. In light of the fiscal developments, Democrats said, some of these programs should be stepped up.

When the House came to a \$3,680,524 appropriation to help communities pay for financing sewage treatment plant construction, Rep. J. Dean Polen, D-Washington, specifically proposed an increase of \$2,496,110.

### PRESSURE TOO GREAT

Polen explained the increase would give the communities the full 2 per cent reimbursement provided by law, rather than 1.24 per cent that Hocker said would be covered by the administration proposal.

There has been pressure on the legislators from the local governments for some years to boost the state aid for the sewage projects.

The pressure was irresistible in the aftermath of the fiscal report. Some two dozen Republicans joined solid Democratic support to pass the increase, 120-79.

The bill was held over another day for the revised version to be reprinted, as required by law. The other 19 bills were passed by one-sided votes and sent to the Senate for further action.

### ON OTHER BILLS

In other action: Medical care for the aged—The Senate gave its approval to liberalization of the state's medical

care for the aged program. Democrats supported the administration proposals after protesting that they did not go far enough. The package of bills was returned to the House for action on amendments postponing the effective date until next Jan. 1. The liberalization affects eligibility for the program.

Harness racing—The Senate approved the House-passed administration bill banning participating by public officials, public employees and political party leaders in the operation of pari-mutuel harness tracks. The measure was sent to the governor for final consideration.

Police attacks—A House-passed bill raising the maximum prison sentence for assaulting a police officer from three to four years was approved and sent to the governor.

### PUC BILL

Public Utility Commission — A bill was introduced to replace the Democratic-controlled Public Utility Commission, with five members, by a three-member Public Service Commission.

Congressional election — A proposal that the state pay one-half the cost of the special election this month in the 15th Congressional District was rejected by the House.

The vote, 105-83, followed straight party lines except for Democrat John Walsh, Allegheny, who voted with the Republican majority, and Republican Ralph A. March, Clearfield, who supported the proposal.

### 11,000 JOBS

Among bills passed Monday was one Senate measure that would appropriate \$500 for maintenance of the burial place of former Gov.

Joseph Ritner in Cumberland County.

Also passed in the Senate was a bill eliminating executive civil service—an act that could cost some 11,000 state employees their job security. The bill passed the Senate, 27-20, and was sent to the House after brief debate.

Majority leader James S. Berger, R-Potter, said the bill was designed "simply to remove from the administrative code the so-called executive civil service appointment which in the past has covered a multitude of sins."

### HISTORICAL PROJECTS

Among bills introduced in the Senate was one that would create a new Common Pleas Court judge ship in Crawford County.

Another bill, authorizing a 10 per cent hike for legislative employees with six or more months duty was reported out by the Senate Rules Committee. It would cost the state an estimated \$150,000 a year since all legislative employees are now past the probationary period.

Two other bills reported out by

## SEEK PEACE IN ARGENTINA

BUENOS AIRES, Argentina (AP)—The candidates of two estranged political parties — the leader and runner-up in Sunday's presidential election — today showed signs of wanting to make peace.

The Popular Radical party headed by Arturo Illia, 62, a country doctor, led with 2,367,154 votes, 25 per cent of the ballots. The Intransigent Radical party of Oscar Alende, 54, a city sur-

committee included appropriation of \$35,000 and \$20,000 to the Pennsylvania Historical and Museum Commission.

The \$35,000 appropriation is earmarked for construction of a replica of Fort Franklin in Franklin, Pa. The other bill calls for restoration of the Cabel Pusey house in Upland, Delaware County.

sen, was second with 1,525,394 votes, 16.3 per cent.

Illia and Alende head segments of the old middle-of-the-road Radical party which split in 1956.

Illia needed 51 per cent of the vote to assure his election in the Electoral College which meets July 31. Under the Argentine system, electors are permitted to switch their votes to other candidates if their candidates fail to achieve the 51 per cent requirement.

Support from Alende could make Illia Argentina's 29th president on inauguration day Oct. 12.

### KANE FREEZES

KANE, Pa. (AP)—This northwestern Pennsylvania town, often referred to as the Ice Box of Pennsylvania, lived up to its reputation today.

The temperature dropped to a low of 30 degrees over night, the fourth time within a week that Kane had overnight temperatures in the 30s.

## SEEK SLAYER OF FINANCIAL MANIPULATOR

CLEVELAND (AP)—Police set out today to find the slayer of Mervin L. Gold, twice-convicted financial manipulator whose body was found wrapped in a blood-spotted pink blanket in the trunk of a car.

The body of Gold, who rose quickly from cab driver to the status of a businessman who wore \$200 suits, was discovered Monday night. It was crammed into the trunk of the car parked in a desolate area in suburban Solon. There were three bullet wounds in the right side of his neck, and a green plastic cord was wrapped tightly around his neck.

Coroner Samuel R. Gerber said either the bullets or strangulation could have killed the 32-year-old Gold. He was awaiting a third trial when he disappeared.

### KILLED ELSEWHERE

Dr. Gerber said the small amount of blood indicated Gold, "was killed elsewhere, then neatly placed in the car trunk." An autopsy was ordered to determine the cause of death.

Sheriff James McGettrick said he ordered the arrest of Alex (Shondor) Birns, a long-time Cleveland racketeer figure. The sheriff said Birns will be questioned on the basis of information supplied to authorities by Gold's wife, Lily.

Mrs. Gold, who identified her husband, reported him missing early Saturday morning. She said Gold had only \$2 and very little gasoline when he left to visit Birns.

She said she had given to the FBI two sealed envelopes as her husband had instructed her if he did not return. Federal agents said the envelopes were opened but declined to disclose their contents.

## Today In Harrisburg

By THE ASSOCIATED PRESS

WASHINGTON (AP) — In the news from Washington:

ON THE RISE: A record national production rate this year of \$383 billion seems in the offing, matching the most optimistic expectation of the President's Council of Economic Advisers.

Although official figures for the quarter just ended are not due until next week, experts said Monday it appears that the production rate for April through June was about \$58 billion.

While a slowdown in the third quarter is expected, some government economists now expect the production rate to rise by perhaps another \$12 billion by the final quarter of the year. If so, the annual rate in the October-December period might be upwards of \$393 billion and actual output for this year could be around \$383 billion.

RADIOACTIVE CANINES: Project 64-12 lead to a dogfight in the House when it was finished only President Kennedy's signature was needed to supply the Atomic Energy Commission's dogs with kennels.

The fracas broke out on the floor Monday as a \$26 million authorization bill for the AEC came up for a vote.

Rep. Jack Westland, R-Wash., fired the opening salvo by proposing an amendment to eliminate \$500,000 sought for the project—'Additional Animal Quarters, Lovelace Foundation, Albuquerque, N.M.'

Westland said the money would build kennels for 600 dogs for experiments in which the animals inhale radioactive material. He got help from Rep. H.R. Gross, R-Iowa, who said, "I don't understand why they don't use cats, it costs less to house them."

The AEC hopes the experiments will tell scientists more about the effect of radioactive materials on humans. The House said go ahead, defeating Westland's amendment 46 to 20 and sending the bill to the President.

CHARGE STANDS: U.S. Dist. Judge William B. Jones has refused to dismiss an indictment against Igor Cassini, New York society columnist charged with failing to register as a paid publicity agent for Rafael Trujillo, the late dictator of the Dominican Republic.

Louis Nizer, Cassini's attorney, had asked Jones to dismiss the indictment on grounds Justice Department officials gave grand jury testimony to Peter Maas, a Saturday Evening Post editor, for an article published before the indictment.

## Asian Flu Kills 150 In Delaware

WILMINGTON, Del. (AP) — Asian flu may have claimed 150 lives in Delaware this past winter, says Dr. Floyd H. Hudson, executive secretary of the State Board of Health.

The outbreak in Delaware was confined mainly to about a three-week period in February. Hudson said there was an increase of 150 deaths from all natural causes during February, as compared to the previous February. He attributed this increase primarily to the flu epidemic.

## GREEN HILLS HAD WARNING OF ITS PERIL

WILLOW GROVE, Pa. (AP)—The Marine Corps has sharply criticized the construction, in the shadow of jet runways, of such facilities as the tragedy-stricken Green Hills day camp.

Navy Capt. Albert Waldman, commander of the Willow Grove Naval Air Station, said Monday the dangers of such a location had been repeatedly pointed out to Green Hills operators since the camp opened in 1957.

Navy and Marine comments came after a jet fighter went out of control Sunday while landing at Willow Grove and crashed into the camp, crowded with picnickers. Seven were killed and 17 injured.

POOR JUDGMENT

The subject of the camp's location was brought up at a press conference Monday by Marine Brig. Gen. Louis B. Robertshaw.

He termed the location of the camp site "unwise—in a flight approach area, a zone of danger."

Robertshaw called the site an example of poor judgment and warned, "this will go on as long as people want to go on building or living right on the edge of a runway."

DENIES WARNINGS

But the camp's owner, Robert Gould, called the camp a safe one, saying he had never been told otherwise by anyone at the air station.

The Navy and Marine Corps have launched an extensive investigation of the crash.

Marine Capt. John W. Butler, the fighter pilot who had ejected safely before the crash, told a press conference Monday, he had tried everything to avoid the crash, and could not have avoided it by remaining at the controls.

"I was at the point where I couldn't do anything else. I do not think I could have changed it at all," Butler said.

In winning the U.S. Open championship Julius Boros averaged 72.6 strokes for his five rounds.

## HOLIDAY DEATH TOLL WAS 556

CHICAGO (AP) — The final count of the nation's traffic fatalities during the long Independence Day weekend showed 556 persons killed, a record for the four-day holiday.

The death toll, reported over a 102-hour period from 6 p.m. Wednesday to midnight Sunday, topped the previous four-day Independence Day high of 509 set in 1961. The National Safety Council had estimated a death toll of 550 to 650.

The holiday total compares with an average of 100 traffic fatalities per day during the first five months this year.

PHILADELPHIA (AP) — Traffic accidents in the city have killed 78 persons so far this year, including 42 pedestrians, it was announced Monday.

Last year in the same period 100 were killed, including 70 pedestrians.

PHILADELPHIA (AP) — The Rev. Joseph A. Skelly, founder and director of the Central Association of the Miraculous Medal here, has died after a long illness. At 89, he was the oldest priest of the Vincentian Order in the United States. He died Monday. Funeral arrangements are pending.

WASHINGTON (AP) — Federal mediators meet with union and company officials again Wednesday to reopen talks in an effort to end the two-month strike affecting heavy construction in eastern Pennsylvania.

Mediators met with both groups for seven hours Monday before the talks were recessed.

## LAW CANCELS WEDDINGS OF MANY COUPLES

STAR CITY, Ark. (AP) — Several hundred couples who thought they were married in Arkansas are finding out they aren't.

For at least 11 of them, the solution is simple: get married.

Four couples will tie the knot Saturday night at Benton. Seven others will have a mass wedding Sunday at Star City.

In April, the Social Security Administration announced that it would not pay benefits to wives or widows who were not legally married. It pointed out that a 1941 Arkansas law said a marriage was null and void if the bridegroom was less than 18 years old or the bride was younger than 16.

### CHECK LICENSES

Since the announcement many licenses and birth certificates have been checked by worried couples.

James R. Merryman, claims supervisor for the Little Rock Social Security Administration office, said his office had received hundreds of telephone calls and letters.

"Not just from Arkansas," he said, "but all over from people who got married in Arkansas and then moved to another state."

He said letters had come from Texas, California, Missouri and many other states.

Several couples have had second ceremonies.

## Click In Chest Is Vital Sound

YONKERS, N.Y. (AP) — A clicking in the chest of her baby daughter is the sound of life for Mrs. Albert Mazzari.

The noise comes from an artificial valve built into the baby's heart June 18 to correct a defect.

Theresa Mazzari, 11-months-old, came home from a New York City hospital Monday "When it is quiet in the room," said her mother, "I can hear a click coming from inside Theresa."

Dr. Dennison Young, head of the Montefiore Hospital child heart clinic, said Theresa is believed to be the first infant to have an artificial valve in the heart.

### INDIA FEARED

RAWALPINDI, Pakistan (AP) — Small Asian nations fearing India and watching the West build up the Indian army will be forced to turn to Communist China for refuge, President Mohammed Ayub Khan of Pakistan says.

Ayub Khan told a civic reception Monday that India has designs against smaller nations. He said the West failed to realize "the realities of the situation" when it agreed to strengthen India against Chinese aggression.

PHILADELPHIA (AP) — The president of a Philadelphia group that bought the Syracuse Nationals of the National Basketball association, says he hopes to name a coach for the team within two weeks.

Irv Kosloff made the statement Sunday following announcement by Alex Hannum, Nats coach for three years, that he will not go to Philadelphia with the team.

## Sgt. York Back In Hospital Again

NASHVILLE, Tenn. (AP) — Sgt. Alvin C. York, famed World War I Medal of Honor winner, rested comfortably today at Veterans Hospital here where he was admitted Monday for a checkup and observation.

A hospital spokesman said York,

75, was "not seriously ill." York, in ill health since suffering a light stroke in 1949, has been bedfast in recent years at his rural home in Pali Mall, Tenn.

Respiratory and heart ailments hospitalized York here for several days during the Easter holiday.

York was decorated in 1918 after he killed 25 German soldiers and captured 132 prisoners in a single day.

MIAMI, Fla. (AP) — Government authorities have raided four clandestine auto repair shops in Havana and arrested their owners. The Cuban radio reported.

The broadcast said Monday that the shop operators were speculating in parts. One man was accused of setting a price of \$20 on a clutch plate worth \$2.88.
